EDENSCOUT INTELLIGENCE PLATFORM

FOR BD TEAMS
edenradar.com

The BD Intelligence Platform Built for Pharma & Biotech

EdenScout aggregates, enriches, and scores every technology transfer opportunity from 300+ leading research institutions — giving your BD team a structured, searchable, always-fresh view of the pre-clinical innovation landscape.

DISCOVERY

Find Assets Before the Market Does

Surface pre-clinical and discovery-stage assets from 300+ university TTOs the moment they go live — EDEN-enriched with target, modality, indication, and development stage.

INTELLIGENCE

Scored, Structured BD Intelligence

Every asset is automatically scored for commercial potential, IP quality, and clinical viability. Stop reading through raw TTO pages — get pipeline-ready signals straight to your desk.

PIPELINE

Build Your Watchlist & Track Deals

Save assets to a private pipeline, set threshold alerts, generate portfolio dossiers, and export board-ready reports. Everything your BD team needs in one place.
